The question of how designers envision women,
what a woman wears and the image she projects
has become a political hot potato. The big takeaway
from the season? To value those visions that really
are attuned to reflecting our truth in some way so that
we can do us.

FASHION

Fashion Trends

The Spring/Summer 2019 shows, which happened towards the tail end of last year, were many, many things. While the majority of designers continued with the memo 'you do you', what united them was their search for an expression of female empowerment
